Uploading your logo

Please ensure that your logo is a maximum of 300 pixels wide and in .jpg format.

You can use paid for tools such as Adobe Photoshop or free tools such as Pixlr to resize your logo to spec. Please note that we are not affiliated with Adobe or Pixlr and take no responsibility for usage of these tools.
Uploading your CSV

Companies can upload a CSV list of contacts to send to. Please ensure that it is saved in the MS-DOS format and the first cell should be blank or entitled ‘email’.

Do I need permission to use my customer contact data?

Yes. You need to ensure that you have permission from your customers to use their email address data for the purpose of sending them e-cards via a third party (DontSendMeACard.com). If you do not have permission or you are unsure you can send yourself the HTML email and forward it on via your own email client.
